

The NVC is the standard

WHAT IS THE NVC?

The NVC is the de facto vetting standard. It is the first nationally and internationally recognised certificate that proves employees have reached BS7858.

National Vetting
Certificate

KEY FEATURES

UKAS accredited >

Independently auditable >

On-line verification >

Can be completed prior to
employment being offered >

Competitively priced >

KEY BENEFITS

- Offers the highest quality.
- Proves the checks were carried out to BS7858.
- Allows customers and third-parties to verify.
- Reduces exposure to risk and improves the quality of recruitment.
- Cost-effective.

DELIVERED BY SRM

SRM provides expert risk assurance and mitigation services to a variety of sectors. Established by security professionals formerly within the private sector, the Police Service and other government agencies, SRM has extensive experience providing risk management services encompassing people, processes, and technology.

UKAS ACCREDITATION

UKAS is the sole national accreditation body recognised by government and industry in the UK - and therefore offers the greatest level of quality assurance.
